Introducing Teaching Strategies Family

Family involvement in learning is key to your child's success. We want to help you stay connected and support learning at home. The free **Teaching Strategies Family** app will help you support your child's learning. This tool offers two-way communication between school and home; rich, interactive playlists filled with family-friendly activities you can do with your child; and a digital children's library with over 200 titles.

How It Works

After you accept the email or text message invitation, each week you will:

1. Watch videos modeling games and conversations that support what we are learning in school.
2. Do the activities with your child and have fun learning together! Mark "We did this!"
3. Share your experiences and expertise with me as I partner with you in your child's journey!
