About This Guide

This guide is intended as a resource to assist individuals in locating housing and additional housing resources.

While every effort has been made to provide accurate information, users are encouraged to verify details directly with service providers, as services, availability, contact information, and eligibility requirements may change without notice.

EightCAP, Inc. cannot guarantee the accuracy of information provided by third-party organizations.

INTRODUCTION

Welcome to the EightCAP Housing Resource Guide. This guide is designed to help individuals and families across our five-county service area - Gratiot, Isabella, Ionia, Montcalm, and Shiawassee - find safe and stable housing.

Inside, you'll find local rental listings, housing programs, and community resources that may assist with housing needs.

EightCAP serves as the Housing Assessment and Resource Agency (HARA) for these counties. In this role, we help individuals understand their housing options and connect them with available community resources. Depending on eligibility and available funding, we may also be able to connect individuals with certain housing assistance programs.

This guide includes county-based rental housing contacts, housing and legal resources, information about housing vouchers, fair housing rights, and renter tips.

If you are experiencing homelessness or are at risk of losing housing, we may be able to complete a housing assessment (see next page for details). We can also assist eligible individuals in applying for the Housing Choice Voucher (HCV) Wait List with a Homeless Preference Code. The HCV program is administered by the Michigan State Housing Development Authority (MSHDA) in partnership with Community Management Associates (CMA).

FAIR HOUSING COMPLAINT PROCESS

WHERE TO DIRECT MSHDA FAIR HOUSING POLICY & PROGRAM COMPLAINTS?

MSHDA staff may direct complaints to:

HAYWOOD EDWARDS
Strategist, Inclusion Specialist
517-241-6573
EdwardsH3@michigan.gov

KARA HART-NEGRICH
Staff Attorney
517-335-2273

WHAT IS FAIR HOUSING?

Title VIII of the U.S. Civil Rights Act, commonly known as the "Fair Housing Act" prohibits discrimination in the sale, rental, purchase, leasing, financing and/or advertising of housing based upon race, color, religion, sex (including pregnancy and sexual harassment), national origin, familial status and disability. Michigan's Elliott-Larsen Civil Rights Act also prohibits housing discrimination based on age and marital status. Further restrictions may also be imposed by municipalities pursuant to local ordinance.

WHO CAN FILE A FAIR HOUSING COMPLAINT?

Anyone! Fair housing complaints can be filed by any entity, including individuals and community organizations. The person or organization filing the complaint is known as the Complainant. The Respondent is the person or entity against whom the fair housing complaint is filed.

WHAT IS MSHDA'S PROCESS FOR HANDLING FAIR HOUSING COMPLAINTS?

The Legal Affairs Division of the Michigan State Housing Development Authority (MSHDA or the Authority) provides legal counsel to the Authority and its employees acting in the capacity of their duties only; consequently, the Authority's Legal Affairs Division is unable to provide

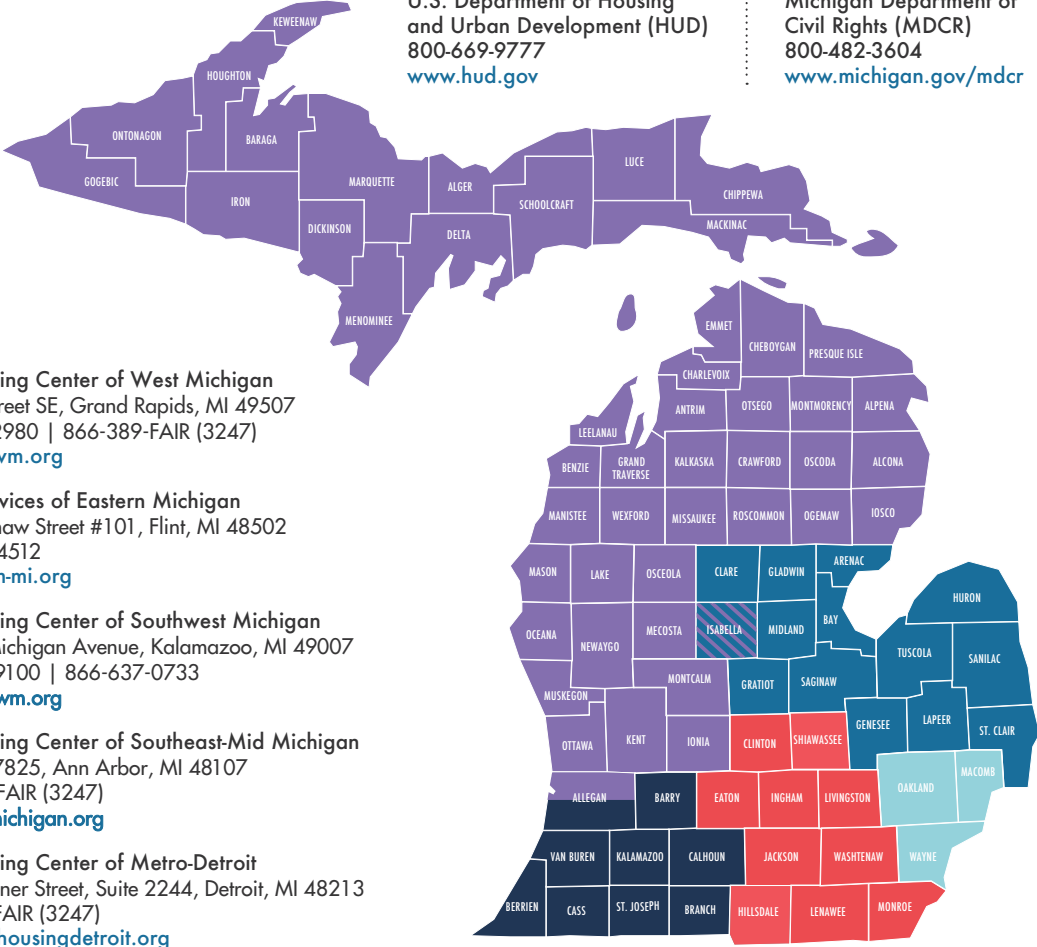

legal advice to third parties. A variety of legal resources are available for individuals seeking legal counsel, and the State Bar of Michigan maintains an online Lawyer Search at IRS.michbar.org/Find-a-Lawyer.

If the Complainant believes that they are the victim of unlawful discrimination, the Complainant may contact the Michigan Department of Civil Rights (MDCR), U.S. Department of Housing and Urban Development (HUD), or their local Fair Housing Center to file a complaint. A map is provided below with agencies' contact information for filing a complaint.

If the Complainant lives in a MSHDA financed development, is applying to live in a MSHDA financed development or otherwise participates in a MSHDA program and believes that they are the victim of housing discrimination, they may contact Kara Hart-Negrich at 517-335-2273 or email her at HartNegrichK@michigan.gov.

WHERE SHOULD INDIVIDUALS BE DIRECTED IF THEY HAVE FAIR HOUSING QUESTIONS?

Individuals with fair housing questions should be directed to their local Fair Housing Center, MDCR, HUD or seek private legal counsel. Entities doing business with MSHDA who have project or program related questions should direct questions to their MSHDA contact.

MSHDA Housing Choice Voucher Program

Program Overview

The Housing Choice Voucher (HCV) Program, also known as 'Section 8' is a federally funded program through the U.S. Department of Housing and Urban Development (HUD) and is administered by the Michigan State Housing Development Authority (MSHDA). It helps low-income individuals & families, the elderly, and persons with disabilities afford decent, safe, and sanitary housing in the private rental market.

Participants are free to choose any housing that meets the requirements of the program. The HCV aims to promote housing choice and stability for Michigan residents.

Eligibility Requirements

Eligibility for the HCV is based on several factors, including:

- **Income:** Applicants' gross annual income must not exceed income limits. These limits vary by county and household size. See the MSHDA website for the most current income limits.
- **Family Definition:** MSHDA defines a family as one or more persons occupying a housing unit. This can include single individuals.
- **Citizenship/Eligible Immigration Status:** Must be a US citizen or have eligible immigration status.
- **Criminal Background Check:** Applicants are subject to a criminal background check. Certain convictions may disqualify someone from the program.

Application Process

- **Application:** Only one application per household is accepted, only when a waiting is open, and online only.
- **Waiting List:** Due to high demand, there is a waiting list for the HCV. The process can take weeks-months-years, depending on a variety of factors. Placement on the waiting list does not guarantee assistance.
- **Website:** Visit the MSHDA website for open waiting lists, and to apply.

Rent Assistance & Inspections

Rent Assistance:

The HCVP pays a portion of the tenant's rent directly to the landlord. The tenant pays the difference between the actual rent and the amount subsidized by the voucher. The tenant's portion of the rent is generally based on 30% of their adjusted gross income.

Housing Inspections:

All units must meet HUD's Housing Quality Standards (HQS) and pass MSHDA's inspection before assistance can be paid. Inspections are conducted to ensure that the housing is safe, decent, and sanitary. Ongoing compliance is ensured through regular, annual re-inspections.

Special Voucher Programs

Homeless Preference Vouchers:

MSHDA provides vouchers targeted to assist individuals and families experiencing homelessness. These vouchers are often coordinated with local Continuums of Care.

Veterans Affairs Supportive Housing (VASH):

A collaborative program between HUD and the Department of Veterans Affairs (VA). VASH vouchers provide rental assistance to homeless veterans, coupled with case management and clinical services provided by the VA.

Additional Housing Options

While the HCV allows participants to choose housing in the private market, MSHDA also supports other affordable housing options. Visit the MSHDA website for information about MSHDA-financed properties and other rental assistance programs. *See additional information contained in this guide.*

HOW TO FIND A RENTAL UNIT

Where to Look

- **Real Estate Agents:** Can sometimes help with finding rentals and the application process.
- **Classifieds:** Local newspapers and online classifieds.
- **Word of Mouth:** Let friends, family, and coworkers know you're looking for a rental.
- **Local Bulletin Boards:** Check bulletin boards at gas stations, laundromats, grocery stores, and community centers. Landlords sometimes post listings in these places.
- **Drive Around:** Keep an eye out for "For Rent" signs whenever you are out and about.

Things to Think About

- **Budget:** How much can you afford? Don't forget to factor in utilities, parking, etc.
- **Location:** Where do you need to be located in relation to work, school, or other important places? Consider commute times and access to public transportation.
- **Condition of the Unit:** Thoroughly inspect the unit for any signs of damage, pests, or maintenance issues. Document any problems before signing the lease.
- **Size and Layout:** How much space do you need? Do you prefer a certain layout (house, mobile home, apartment, etc.) or number of bedrooms and bathrooms?
- **Lease Terms:** What are the policies on pets, smoking, and subletting, length of the lease?
- **Amenities:** What amenities are included (laundry, parking, pet-friendly, patio, gym, etc.)?

Making an Appointment to See a Unit

- **Contact the Landlord:** Call or email to schedule a viewing. Be polite and professional.
- **Be Flexible:** Offer a few different dates and times that work for you.
- **Confirm the Appointment:** Follow up to confirm the appointment the day before.
- **Arrive on Time:** Punctuality shows respect for the landlord's time.

During the viewing, take notes and ask questions about the rental and the lease terms.

Simple Tips for Being a Good Tenant

Be honest in your application: As with pretty much everything else in life, honesty is the best policy when you want to be a good tenant, and it all starts with your application.

Read the lease: Knowing what you're agreeing to before you sign your lease is crucial for being a good tenant. Know and comply with the conditions of your lease/rental agreement. This includes not allowing pets or other people to stay in the unit if this is not allowed, taking care of the yard and trash, etc. Not removing batteries from smoke detectors or taking them when you move. Follow rules about smoking, parking, etc.

Get all utilities put in your name immediately at the move-in: Call the utility companies and transfer billing into your name for all utilities you are required to pay. If this is a problem, seek assistance (DHHS, EightCAP, TrueNorth, The Salvation Army, or other community agencies).

Don't rent more than you can afford: Part of being a good tenant is renting within your means, even when your means you don't get everything you want. The golden rule of housing costs is that they shouldn't account for more than 30 percent of your expenses every month.

Pay your rent: Paying your rent—and paying it on time—is one of the most basic parts of how to be a good tenant. If you know you are having problems, communicate with your landlord right away.

Not sure about something? Just ask: Exceptions to what is stated in your lease will need to be agreed upon between the two of you in writing. Failure to do so can result in some penalties, including fines or an eviction. It will also erode trust in your ability to be a good tenant.

Keep it clean and properly dispose of garbage: Cleanliness in both your apartment and any shared common

areas is a hugely important quality of a good tenant and neighbor. Landlords want tenants who will take good care of their properties and leave them exactly as they found them. While normal wear and tear is acceptable, it's on you to ensure that you do your part to keep the space clean and in good condition. Bins are usually provided, use them!

Submit maintenance requests right away (and in writing): If something's broken, let your landlord know so that they can address it. Especially true if it's a problem with heating, cooling, or leaking, all of which can get more difficult and expensive to solve the longer the problem goes on. In writing and taking pictures allows you both to have records of the correspondence. You are both human and people get busy and forgetful.

Be friendly: Kindness goes a long way. You don't have to build a friendship with your landlord or your neighbors but acknowledging them with a smile and a "hello" is a small gesture that can make a big difference in how they view you as a tenant.

Keep noise levels to a minimum: You want good neighbors, be a good neighbor. Do unto others!

Consider purchasing renter's insurance: Landlords carry insurance to cover their loss only. Their insurance will not cover the loss of your belongings should something occur. Some landlords do require this.

Communicate openly and directly: Speaking of problems, it's always better to communicate what is going on rather than letting things build up and get worse. It's always better to speak up and let your landlord know what's going on, especially since they're not necessarily on the ground at the property very often. Just remember, you are probably not the only tenant, so just make sure that not every problem is worthy of a complaint.
