EightCAP, Inc.

Weatherization Assistance Program

Weatherization assists with lowering your fuel costs and making your home more energy efficient.

Weatherization is a FREE program for low-income households. Eligible dwellings include stick-built homes, single/double-wide trailers, and multi-family homes with the landlord's permission. Some energy saving measures that can be done through this program are wall, ceiling, and floor insulation or ventilation; caulking; sweeps; and weather stripping. Energy saving tips and techniques will also be shared.

EightCAP operates the Weatherization Assistance Program (WAP) in Gratiot, Ionia, Isabella, and Montcalm counties.

If your household is eligible and approved for the program, a certified inspector will contact you to arrange a visit to your home. An inspection will determine what needs to be done, and a contractor will start your job as soon as the work is scheduled.

2026 Income Guidelines	
Family Size	Income
1	$ 31,920
2	$ 43,280
3	$ 54,640
4	$ 66,000
5	$ 77,360
6	$ 88,720
7	$ 100,080
8	$ 111,440

For families with more than 8 persons, add $11,360 for each additional person.
